Purpose and application

1 Purpose: Relationships with fellow Staff, employees, governors, contractors, visitors, volunteers, pupils and their parents, guardians or carers should be reasonable and mutually respectful at all times. This Code has been produced to place the welfare of children at the centre of the School and its culture and to ensure that all those who work in the School and may have contact with children are clear on the rules of conduct and the expectations of the School. Children place trust in those connected to the School creating obligations which we must all meet to ensure the successful outcomes achieved by the children in our care.

2 This Code has regard to the School’s Child Protection and Safeguarding Policy and Procedures and the following (collectively referred to in this Code as the Guidance):

2.1 Keeping children safe in education (September 2020) (KCSIE) (which refers to the non-statutory advice for practitioners: What to do if you’re worried a child is being abused (March 2015));

2.2 Disqualification under the Childcare Act 2006 (August 2018);

2.3 Working together to safeguard children (July 2018) (WT):

2.3.1 WT refers to the non-statutory advice: Information sharing (July 2018).

2.4.1 The Prevent duty: Departmental advice for schools and childminders (June 2015);

2.4.2 Channel Duty Guidance: Protecting vulnerable people from being drawn into terrorism (2015)

2.4.3 The use of social media for online radicalisation (July 2015).

2.5 Guidance on female genital mutilation, to include:

2.5.1 Multi-agency statutory guidance on female genital mutilation (October 2018)

2.5.2 Home Office statutory guidance Mandatory Reporting of Female Genital Mutilation: procedural information (October 2015).

2.5.3 Guidance published by the Department for Health which provides useful information and support for health professionals which will be taken into account by the School’s medical staff.
2.6 Guidance on mental health, to include:

2.6.1 Preventing and Tackling Bullying (July 2017);

2.6.2 Mental Health and Behaviour in Schools (November 2018); and

2.6.3 Promoting children and young people’s emotional health and wellbeing (March 2015).

3 The purpose of the Code is to:

3.1 confirm and reinforce the professional responsibilities of all Staff;

3.2 clarify the legal position in relation to sensitive aspects of Staff/pupil relationships and communication including the use of social media;

3.3 set out the expectations of standards and behaviour to be maintained within the School; and

3.4 to help adults establish safe practices and reduce the risk of false accusations or improper conduct.

4 Application: The Code of Conduct (Code) applies to all Staff working in the School (School), whether paid or unpaid, whatever their position, role or responsibilities and Staff includes employees, governors, contractors, work placement/experience students and volunteers.

5 Your duty: It is the contractual duty of every member of Staff to observe the rules and obligations in this Code. You should also follow the Guidance. The School also has a duty of care to its Staff, parents, guardians or carers and pupils and the implementation of the practices in this Code will help to discharge that duty.

6 Wrongdoing: All staff are required to report their own wrongdoing, or any wrongdoing or proposed wrongdoing of any other member of staff or any conduct which they may suspect to be inappropriate to their line manager. The School operates a Whistleblowing Policy which is contained within this Employment Manual.

7 Application with other policies: The Code should be read in conjunction with the School's Child Protection and Safeguarding Policy and Procedures and Whistleblowing Policy.

Guiding principles

8 Principles for all Staff

8.1 All Staff should put the wellbeing, development and progress of all pupils first by:

8.1.1 taking all reasonable steps to ensure the safety and wellbeing of pupils under their supervision;

8.1.2 using professional expertise and judgment for the best interests of pupils in their care;

8.1.3 demonstrating self-awareness and taking responsibility for their own actions and for providing help and support to pupils;
8.1.4 raising concerns about the practices of teachers or other professionals where these may have a negative impact on pupils' learning or progress, or may put pupils at risk;

8.1.5 being familiar with the School's Child Protection and Safeguarding Policy and Procedures; *(Child Protection and Safeguarding Policy September 2020.pdf)*

8.1.6 reading and understanding Part 1, and where appropriate Annex A, of KCSIE (September 2020);

8.1.7 knowing the role, identity and contact details of the current Designated Safeguarding Lead and their Deputies;

8.1.8 knowing the role, identity and contact details of the Nominated Safeguarding Governor; and

8.1.9 being aware that they are in a position of trust (i.e. the adult is in a position of power or influence over the pupil due to his or her work); that the relationship is not a relationship between equals and that this position must never be used to intimidate, bully, humiliate, coerce or threaten pupils.

8.2 All Staff should demonstrate respect for diversity and take steps to promote equality by:

8.2.1 acting appropriately and in accordance with this Code of Conduct, towards all pupils, parents, guardians or carers and Staff;

8.2.2 complying with the School's anti-bullying, Equal Opportunities policy and this Code of Conduct; *(Anti-Bullying Policy September 2020.pdf)*

8.2.3 addressing issues of discrimination and bullying whenever they arise; and

8.2.4 helping to create a fair and inclusive School environment.

8.3 All Staff should work as part of a unified Staff body by:

8.3.1 developing productive and supportive relationships with colleagues;

8.3.2 exercising any management responsibilities in a respectful, inclusive and fair manner;

8.3.3 complying with all School policies and procedures;

8.3.4 participating in the School's development and improvement activities;

8.3.5 recognising the role of the School in the life of the local community; and

8.3.6 upholding the School's reputation and standing within the local community and building trust and confidence in it.

8.4 All Staff should understand that the School has a legal duty to have regard to the need to prevent people from being drawn into terrorism, and consequently should be aware of:

8.4.1 what extremism and radicalisation means and why people - including pupils and fellow staff members - may be vulnerable to being drawn into terrorism as a consequence of it;
8.4.2 what measures are available to prevent people from becoming drawn into terrorism and how to challenge the extremist ideology that can be associated with it; and

8.4.3 how to obtain support for people who may be being exploited by radicalising influences.

8.5 All staff should maintain public trust and confidence in the School and in their profession by:

8.5.1 demonstrating honesty and integrity;

8.5.2 understanding and upholding their duty to safeguard the welfare of children and young people;

8.5.3 understanding and demonstrating fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs;

8.5.4 maintaining reasonable standards of behaviour whether inside or outside of normal School hours and whether on or off the School's site; and

8.5.5 maintaining an effective learning environment.

8.6 All Staff should raise any concerns relating to honour-based abuse (to include female genital mutilation (FGM) and forced marriage) with the Designated Safeguarding Lead and involve children's social care as appropriate in accordance with the School's child protection and safeguarding policy and procedures. Teachers must also report to the police cases where they discover (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a girl under the age of 18. The report should be made orally by calling 101, the single non-emergency number. It will be rare for teachers to see visual evidence, and they should not be examining pupils but those failing to report such cases will face disciplinary sanctions.

8.7 All Staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the School and/or can occur between children outside of the School environment. All Staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

8.8 All Staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. It is key that staff are aware of how experiences such as abuse, neglect or other potentially traumatic adverse childhood experiences can impact on a child's mental health, behaviour and education. If Staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following the School's child protection and safeguarding policy and procedures.
Additional principles for teachers

8.9 Teachers should take responsibility for maintaining the quality of their teaching practice by:

8.9.1 meeting the professional standards for teaching applicable to their role and position within the School;

8.9.2 reflecting on their current practice and seeking out opportunities to develop knowledge, understanding and skills;

8.9.3 helping pupils to become confident and successful learners; and

8.9.4 establishing productive relationships with parents, guardians or carers by:

(a) providing accessible and accurate information about their child’s progress;

(b) involving them in important decisions about their child’s education; and

(c) complying with this Code.

Guidance on Staff/pupil relationships

9 Application: Allegations of unprofessional conduct or improper contact or words can arise at any time. Professionalism and vigilance are required so as to ensure the safety of children in our care, and to reduce the risk of an allegation of impropriety against a member of Staff. This guidance applies to all Staff.

10 Sexual contact: Staff must not:

10.1 have any type of sexual relationship with a pupil or pupils;

10.2 have sexually suggestive or provocative communications with a pupil;

10.3 make sexual remarks to or about a pupil; and

10.4 discuss their own sexual relationships in the presence of pupils.

11 Abuse of a position of trust and Inappropriate relationships with School pupils: Sexual relationships or sexual contact with any pupils, or encouraging a relationship to develop in a way which might lead to a sexual relationship or any relationship just considered inappropriate with any pupil at the School is a grave breach of trust that will usually lead to disciplinary action and may also lead to criminal prosecution. It is the criminal offence of an abuse of a position of trust to have any sexual relationship with any School pupil under the age of 18, and whilst not a criminal offence, it is a breach of this Code and considered to be gross misconduct to have a sexual relationship with any pupil of this School, even if over the age of 18.

12 Inappropriate relationships with pupils at another school: Forming relationships with children or young people who are pupils or students at another school will be a criminal offence if they are under 16 but may also be a criminal offence if under the age of 18 and will be regarded as gross misconduct. Such behaviour tends to bring the School into disrepute and gives rise to concern that the Staff involved cannot be trusted to maintain professional boundaries with pupils and students at the School.
Whilst not necessarily a criminal offence, the School considers it inappropriate for Staff to form inappropriate relationships with a pupil of any school, irrespective of their age.

**General guidance:** You should be aware of the general guidance that will apply in all cases. In particular you:

13.1 need to exercise professional judgment but always act within the spirit of these guidelines. If you are involved in a situation where no specific guidance exists, you should discuss the circumstances with the Designated Safeguarding Lead. A written record should be kept that includes justification for any action taken;

13.2 must be aware of the risks of peer-on-peer abuse and be familiar with procedures for handling allegations against other children and bullying as set out in the School's Child Protection and Safeguarding Policy and Procedures. Examples of peer-on-peer abuse are bullying (including cyberbullying), physical abuse, sexual violence and sexual harassment, upskirting, sexting and initiation and hazing;

13.3 must be aware of indicators that children are at risk from, or are involved with serious violent crime. These may include increased absence from School, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs;

13.4 must be familiar with procedures for reporting concerns in accordance with the School's whistleblowing policy and be aware that if Staff raise concerns about working practices at the School to the Designated Safeguarding Lead or an appropriate senior member of Staff that they will be protected from detriment under the whistleblowing policy;

13.5 must be familiar with the local reporting guidelines and the Local Safeguarding Partners reporting threshold document in respect of any concerns relating to children;

13.6 must be familiar with procedures for handling allegations against Staff as set out in the School's child protection and safeguarding policy and procedures;

13.7 must seek guidance from the Designated Safeguarding Lead if you are in any doubt about appropriate conduct; and

13.8 must report any actions which could be misinterpreted, any misunderstandings, accidents or threats involving you and a pupil or a group of pupils to the Designated Safeguarding Lead.

**Behaviour giving particular cause for concern:** You should take particular care when dealing with a pupil who:

14.1 appears to be emotionally distressed, or generally vulnerable and/or who is seeking expressions of affection;

14.2 appears to hold a grudge against you;

14.3 acts in a sexually provocative way, or who is inclined to make exaggerated claims about themselves and others, or to fantasise, or one whose manner with adults is over-familiar; and
14.4 may have reason to make up an allegation to cover the fact that he or she has not worked hard enough for public examinations.

15 **Procedure to be followed in these cases:** Some of these behaviours may be indications that a child has been, or is currently being, abused and should therefore be reported to the Designated Safeguarding Lead under the School's Child Protection and Safeguarding Policy and Procedures.

16 **Record keeping:** Comprehensive records are essential. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. Any incident involving children that could give cause for concern, must always be reported promptly to the Designated Safeguarding Lead in accordance with the School's Child Protection and Safeguarding Policy and Procedures. If there is any doubt about recording requirements this should be discussed with the Designated Safeguarding Lead.

17 **Good order and discipline:** Staff in charge or control of pupils must maintain good order and discipline at all times when pupils are present on School premises and whenever pupils are engaged in authorised school activities, whether on School premises or elsewhere.

**General conduct**

18 **School property:** You must take proper care when using School property and you must not use School property for any unauthorised use or for private gain.

19 **Use of premises:** You must not carry out any work or activity on School premises other than pursuant to your terms and conditions of employment without the prior permission of the Head.

20 **Behaviour of others:** You should be aware that the behaviour of your partner or other family members or any member of your household may raise concerns which could affect the welfare of a member of the School community, a member of the public, or bring the School into disrepute and you should bring any such behaviour to the immediate attention of the School. Such concerns will be given careful consideration as to whether they constitute a potential risk to children at the School or its reputation.

**Meetings with pupils**

21 **One-to-one meetings:** If you are teaching one pupil, or conducting a one-to-one meeting or teaching session with a pupil, you should take particular care in the following ways:

21.1 use a room that has sufficient windows onto a corridor so the occupants can be seen, or keep the door open, or inform a colleague that the lesson/meeting is taking place;

21.2 arrange the meeting during normal school hours when there are plenty of other people about;

21.3 do not continue the meeting for any longer than is necessary to achieve its purpose;

21.4 avoid sitting or standing in close proximity to the pupil, except as necessary to check work;

21.5 avoid using "engaged" or equivalent signs on doors or windows;

21.6 avoid all unnecessary physical contact and apologise straight away if there is accidental physical contact;
21.7 avoid any conduct that could be taken as a sexual advance;

21.8 report any incident that causes you concern to the Designated Safeguarding Lead under the School's Child Protection and Safeguarding Policy and Procedures, and make a written record (signed and dated); and

21.9 report any situation where a pupil becomes distressed or angry to the Second Master.

For more detail please refer to appendix 1.

22 Pre-arranged meetings: Pre-arranged meetings with pupils outside term time should not be permitted unless approval is obtained from their parents, guardians or carers and the Second Master. If you are holding such a meeting, you should inform colleagues before the meeting.

The use of personal living space:

23 Pupils should not be in or invited into the personal living space of members of staff other than in accordance with agreed guidelines [see Appendix 1].

24 Chores: Pupils should not be asked to assist with chores or tasks in the personal living space.

25 Boarding and Day houses: Boarding and Day Houses, where the Houseparent lives in, may have private living quarters which include areas which current and prospective pupils and parents can be invited into under supervision. This is in order for communication between the relevant parties to be effective and at times confidential and to allow for entertaining of parents and pupils. Pupils may only enter the designated public areas of the private living quarters of the House at the invitation of and with the express permission of the Houseparent for pastoral, academic or medical reasons. The designated public areas of the private side of the House will usually include the Houseparent's study, sitting room and kitchen.

Language and appearance

26 Language: You should use appropriate language at all times. You should:

26.1 avoid words or expressions that have any unnecessary sexual content or innuendo;
avoid displays of affection either personally or in writing (e.g. messages in birthday cards, text messages, emails etc);

26.2 avoid any form of aggressive or threatening words;

26.3 avoid any words or actions that are over-familiar;

26.4 not swear, blaspheme or use any sort of offensive language in front of pupils;

26.5 avoid the use of sarcasm, discriminatory or derogatory words when punishing or disciplining pupils and avoid making unprofessional personal comments about anyone. Any sanctions should be in accordance with the School's behaviour and discipline policies; and

26.6 be aware that some parts of the curriculum may raise sexually explicit subject matters. Care should be taken in subjects where rules / boundaries are relaxed (e.g. drama or art). Staff should have clear lesson plans and should take care to avoid overstepping personal and professional boundaries.
Dress: You should dress appropriately and in a professional manner. Dress must not be offensive, distracting, revealing, or sexually provocative, embarrassing or discriminatory. Political or other contentious slogans or badges are not allowed.

The use of force or physical restraint

Physical restraint: All forms of corporal punishment are unlawful and the use of unwarranted physical force is likely to constitute a criminal offence. The use of physical intervention should be avoided if possible. There are circumstances when it is appropriate for Staff to use force to safeguard children. This is enshrined in law and applies to any member of Staff at the School. It can also apply to people whom the Head has temporarily put in charge of pupils such as unpaid volunteers or parents accompanying students on a school organised visit.

Application of code of restraint: It only applies where no other form of control is available and where it is necessary to intervene. The use of force or physical contact may be reasonable and proportionate in the circumstances to prevent a pupil from doing, or continuing to do any of the following:

29.1 committing a criminal offence;
29.2 injuring themselves or others;
29.3 causing damage to property, including their own; or
29.4 engaging in any behaviour prejudicial to good order and discipline at the School or among any of its pupils, whether that behaviour occurs in a classroom or elsewhere.

Before intervening: Before intervening physically you should, wherever practicable, tell the pupil to stop and what will happen if he or she does not. You should continue attempting to communicate with the pupil throughout the incident and should make it clear that physical contact or restraint will stop as soon as it ceases to be necessary. You should always avoid touching or holding a pupil in a way that might be considered indecent. You should also avoid any form of aggressive contact such as holding, pushing, pulling or hitting which could amount to a criminal assault, nor act in a way that might reasonably be expected to cause injury.

Inform senior staff: You should inform the Second Master immediately following an incident where force has been used. This is to help prevent any misunderstanding or misrepresentation of the incident, and it will be helpful in the event of a complaint. You should provide a written report as soon as possible afterwards. This should include written and signed accounts of those involved, including the pupil. The parents, guardians or carers of the pupil should be informed about serious incidents involving the use of force. The Second Master will advise as to when parents should be contacted.

Action taken in self-defence or in an emergency: The law allows anyone to defend themselves against an attack provided they do not use more force than is necessary. Similarly, where a pupil is at risk of immediate injury or on the point of inflicting injury on someone else, any member of Staff (whether authorised or not) would be entitled to intervene.

Using reasonable force: There is no legal definition of "reasonable force". It will always depend on the circumstances. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children.
This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. ‘Reasonable’ in these circumstances means ‘using no more force than is needed’. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil’s path, or active physical contact such as leading a pupil by the arm out of the classroom. Note that:

33.1 any use of force should be proportionate to the behaviour of the pupil involved and the seriousness of the harm prevented;

33.2 you should recognise the additional vulnerability of children with SEN, disabilities and certain medical conditions before using reasonable force;

33.3 physical force could not be justified to prevent a pupil from committing a trivial misdemeanour;

33.4 any force should always be the minimum needed to achieve the desired result; and

33.5 whether it is reasonable to use force and the degree of force that could be reasonably employed might also depend on the age, understanding and sex of the pupil.

See also Paragraph 7 of the School’s behaviour and discipline policy. (Pupil Behaviour Policy September 2020.pdf)

**Physical contact in other circumstances**

34 **When physical contact may be appropriate:** Physical contact with a pupil may be necessary and beneficial in order to demonstrate a required action, or a correct technique in, for example, singing and other music lessons or during PE, sports and games. Any physical contact should be in response to the pupil’s needs, of limited duration and appropriate to the pupil’s age, stage of development, gender, ethnicity and background. Physical contact can be easily misinterpreted and should be limited. Staff should use professional judgement.

35 **Guidance on using physical contact:** You should observe the following guidelines (where applicable):

35.1 explain the intended action to the pupil;

35.2 do not proceed with the action if the pupil appears to be apprehensive or reluctant, or if you have other concerns about the pupil’s likely reaction;

35.3 ensure the physical contact continues for as short a time as possible;

35.4 ensure that the door is open and if you are in any doubt, ask a colleague or another pupil to be present during the demonstration; and

35.5 consider alternatives if it appears likely that the pupil might misinterpret the contact.

36 **Report concerns:** If you are at all concerned about any instance of physical contact, inform the Second Master without delay, and make a written record in the incident book and on the pupil’s file if necessary.

37 **Offering comfort to distressed pupils:** Touching may be appropriate where a pupil is in distress and needs comforting. You should use your own professional judgement when you feel a pupil needs this kind of support and should be aware of any special circumstances relating to the pupil.
For example, a child who has been abused may find physical contact particularly difficult. You should always notify the Second Master when comfort has been offered, record the action and should seek guidance if unsure whether it would be appropriate in a particular case.

38 Administering first aid: When administering first aid you should explain to the child what is happening and ensure that another adult is present or is aware of the action being taken. The treatment must meet the School’s health and safety at work rules, and parents, guardians or carers should be informed. Staff should:

38.1 adhere to the School’s policies on first aid and administering medication;
38.2 comply with the necessary reporting requirements;
38.3 make other adults aware of the task that is being undertaken;
38.4 explain what is happening;
38.5 report and record the administration of first aid;
38.6 have regard to any health plans; and
38.7 ensure that an appropriate health / risk assessment is undertaken prior to undertaking certain activities.

39 Pupils’ entitlement to privacy: Children are entitled to privacy when changing or showering. However there still must be an appropriate level of supervision to ensure safety. You should:

39.1 avoid physical contact or visually intrusive behaviour when children are undressed;
39.2 announce yourself when entering changing rooms and avoid remaining unless required;
39.3 not shower or change in the same place as children; and
39.4 not assist with any personal care task which a pupil can undertake themselves.

40 Where a child has been abused: Where a child has previously been abused, Staff should be informed on a ‘need to know’ basis, and should be extra cautious when considering the necessity of physical contact. Some children may seek inappropriate physical contact. Staff should sensitively deter the pupil and help them understand the importance of personal boundaries. Such incidents should be reported and discussed with the Designated Safeguarding Lead and parents, guardians or carers where appropriate.

41 Children with special educational needs or disabilities: Some children may need more physical contact to assist their everyday learning, which should be agreed and understood by all concerned, justified, openly applied and open to scrutiny. The Designated Safeguarding Lead and SENCO will establish whether any reasonable adjustments are required for such pupils.

Code of conduct for contact outside school

42 Contact outside school: You should avoid unnecessary contact with pupils outside school. You should:
where possible not give pupils your personal mobile telephone number or personal email address. In most cases school phone numbers and email addresses should be used;

42.2 not make arrangements to meet pupils, individually or in groups, outside school other than on school trips authorised by the Second Master;

42.3 not give a pupil a lift in your own vehicle other than on School business and with permission from the child’s housemaster or the Second Master;

42.4 avoid inviting pupils (groups or individuals) to your home unless it is directly related to your professional duties or unless the housemaster has been informed;

42.5 report and record any situation which may place a child at risk or which may compromise the School’s or your professional standing;

42.6 ensure that pupils do not see anything in your home that may cause embarrassment or that might become the subject of inappropriate gossip or rumour; and

42.7 never engage in secretive social contact with pupils or their parents, guardians or carers.

Social contact: You should be aware that where you meet children or parents, guardians or carers socially, such contact could be misinterpreted as inappropriate, an abuse of a position of trust or as grooming. Any social contact that could give rise to concern should be reported to the Second Master.

Friendships with parents, guardians or carers and pupils: Members of Staff who are friends with parents, guardians or carers of pupils or who, for example, are voluntary workers in youth organisations attended by pupils, will of course have contact with those pupils outside school. However, members of Staff should still respect the above advice wherever possible and should keep the Second Master informed of such relationships.

Scope of application of code on contact outside school: The same guidelines should be applied to school trips, and especially trips that involve an overnight stay away from the School. There are separate, more detailed guidelines for school trips in the Educational Visits Policy. The principles of this guidance also apply to contact with children or young people who are pupils at another school.

Transporting pupils: There may be some situations when Staff are required to transport pupils. You should:

46.1 ensure that you are fit to drive and free from any substances that may impair your judgement or ability to drive;

46.2 be aware that until the pupil is passed over to a parent / carer or housemaster, you have responsibility for that pupil’s health and safety;

46.3 record the details of the journey (usually via risk assessment);

46.4 record, be able to justify impromptu or emergency lifts and notify the housemaster;

46.5 ensure that there are proper arrangements in place to ensure vehicle, passenger and driver safety, including appropriate insurance, seat belts, adherence to maximum capacity guidelines etc; and
46.6 wherever practicable, you should avoid using private vehicles and should try and have one adult additional to the driver to act as an escort.

47 **Extra curricular activities:** When taking part in extra curricular activities, you should:

47.1 undertake a risk assessment; and

47.2 obtain housemaster consent.

48 **Educational visits:** When taking part in educational visits, you should:

48.1 follow the School’s Educational Visits Policy;

48.2 be accompanied by another adult where practicable

48.3 undertake a risk assessment; and

48.4 obtain parental and/or housemaster consent.

**Communication with pupils (including the use of technology)**

49 **Communicating with children and parents, guardians or carers:** All communication with children or parents, guardians or carers should conform to School policy and be limited to professional matters. Except in an emergency communication should only be made using School property (or via school network or Firefly).

50 **Application:** These rules apply to any form of communication including new technologies (including 3G/4G technologies) such as mobile telephones, web-cameras, social networking websites and blogs. You should also ensure you comply with the more detailed Non-Pupil Acceptable Use Policy, and Social Media Policy.

51 **Dealing with "crushes":** Crushes, fixations or infatuations are part of normal adolescent development. However, they need sensitive handling to avoid allegations of exploitation. Such crushes carry a high risk of words, actions and expressions being misinterpreted, therefore, the highest levels of professionalism are required. If you suspect that a pupil has a crush on you or on another colleague you should bring it to the attention Second Master at the earliest opportunity. Suggestions that a pupil may have developed a crush should be recorded. Staff should avoid being alone with pupils who have developed a crush on them and if the pupil sends personal communications to the member of Staff, this should be reported to the Second Master and recorded.

52 **Acceptable use:** Adults must establish safe and responsible online behaviours and must comply with the Non Pupil Acceptable Use Policy, social media policy, and the online safety policy. Adults should report to senior colleagues, any new and emerging technologies which may have a bearing on School practices and on the review of the IT Acceptable Use Policy. Local and national guidelines on acceptable user policies should be followed. Staff should also:

52.1 ensure that your own personal social networking sites are set as private and ensure that pupils are not approved contacts;

52.2 never use or access social networking sites of pupils and do not use internet or web-based communication channels to send personal messages to pupils;
52.3 do not use your own equipment (e.g. mobile telephones) to communicate with pupils - use equipment provided by the School and ensure that parents, guardians or carers have given permission;

52.4 only make contact with pupils for professional reasons; and

52.5 recognise that text messaging should only be used as part of an agreed protocol and only when other forms of communication are not possible.

53 **Personal details:** Adults should avoid giving their personal contact details to pupils, including personal email addresses, home or personal mobile telephone numbers, unless the need to do so is agreed with Second Master and parents, guardians or carers.

54 **Communicating outside the agreed protocols:** Email or text communications between an adult and any pupil outside agreed protocols may lead to a report to external agencies in accordance with the School’s Child Protection and Safeguarding Policy and Procedures, disciplinary action and/or criminal investigations. This also includes communications through internet-based websites.

**Code of conduct for photographs and videos**

55 **Permission required:** Parents provide permission for staff to take photographs of pupils for the school’s promotional material, but staff should be aware that some parents opt not to allow this. Any use of photographs or videos should comply with the ‘Taking, Storing and Using Images of Children Policy’ in Appendix E of the suite of data policies available on the website and intranet policies areas. Any photographs must be for the purpose of your work at the school. You should not publish photographs on personal social media accounts (reference Social Media Policy). You must not take images of pupils using personal devices such as mobile phones or tablets. No photographs or videos of pupils should be sent to third parties without express permission from the Director of Marketing and Communications.

56 **Consent:** Appropriate consents for taking and displaying photographs should be obtained from parents, guardians, carers or from the pupils themselves if sufficiently mature (most pupils are seen as being sufficiently mature from the age of 12 years). Consent must be freely given, so it must be a genuine choice. Unless you have been told otherwise, the Bursar is responsible for obtaining the appropriate consent.

57 Where the use of a photograph or video is less privacy intrusive (e.g. used in an internal school display) it is sufficient for parents and pupils to have been informed about this in the School’s privacy notices, in which case consent is not required. Please speak to the Bursar if you require guidance on whether consent should be obtained.

58 Some pupils cannot be featured in photographs or videos under any circumstances (for example, because of safeguarding concerns). Please speak to the Bursar if you are unsure to which pupils this applies.

59 **Guidance where permission obtained:** Where permission and consent (if appropriate) has been obtained, the following should be considered:

59.1 the purpose of the activity should be clear as what should happen to the photographs or videos. You must be able to justify images in your possession;

59.2 all images should be made available to the Director of Marketing and Communications in order to determine acceptability;
59.3 images should not be made during one-to-one situations;
59.4 ensure that the pupil is appropriately dressed;
59.5 ensure that the pupil understands why the images are being taken and has agreed to the activity;
59.6 where possible photographs should be taken using a school owned device. If photographs are taken on a personal device they should be transferred to the school network and deleted from the personal device as soon as is practicable;
59.7 if a photograph or video is to be displayed in a place to which the public have access (e.g. on the School’s website) it should not display the pupil’s name unless specific consent has been obtained. If the use of a photograph or video is more privacy intrusive consent may need to be obtained even if the pupil’s name is not used (e.g. using an unnamed photograph of a pupil in an advertisement). Consent should be obtained from the pupil and / or their parents as appropriate.
59.8 all images of children should be stored securely and only accessed by those authorised to do so; and
59.9 images must not be taken secretively.

60 Consent: Children are usually considered mature enough to exercise their own data protection rights when they are aged 12 years or older. Whether consent should be obtained from the parents, the pupil or both will depend on the age of the pupil. The School’s policy is that when consent is required it should be obtained as follows:

60.1 where the pupil is in Year 7 or below, consent should be sought from a parent, guardian or carer;
60.2 where the pupil is in Year 8, 9, 10 or 11 then consent should be sought from both the pupil and their parent, guardian or carer;
60.3 where the pupil is in Year 12 or 13 then only the pupil's consent will need to be obtained.

61 Personal social media: You must not publish anything which could identify pupils, parents or guardians on any personal social media account, personal webpage or similar platform without the prior consent of the Director of Marketing and Communications in writing. This includes photos, videos, or other materials such as pupil work.

62 Appropriate material: The School recognises that many children have unlimited and unrestricted access to the internet via 3G and 4G. You must ensure children are not exposed to inappropriate or indecent images. Viewing, retrieving or downloading of pornographic, terrorist or extremist material, or any other material which the School believes is unsuitable is strictly prohibited and constitutes gross misconduct. This includes at any time when on School premises or otherwise in the course of your employment, including using the School’s ICT network, or via 3G or 4G, whether or not on a School or personal device. You should not allow unauthorised access to School equipment and should keep your computer passwords safe. If you discover material that is potentially illegal or inappropriate, you must isolate the equipment and contact the Designated Safeguarding Lead in accordance with the School’s Child Protection and Safeguarding Policy and Procedures immediately. Pupils must not be exposed to unsuitable material on the internet and Staff should ensure that any film or material shown is age appropriate.
Gifts and rewards

63 **Anti-bribery and corruption policy:** Before accepting or giving any gifts or rewards, Staff must familiarise themselves with the Anti-Bribery and Corruption Policy contained on the staff policies (on the intranet).

64 **If a gift is received:** If you receive a gift from a pupil, supplier or parent you should:

64.1 declare the gift where there is a possibility it could be misconstrued, or in any event where the gift is of a value of more than £150. The Bursar may in his absolute discretion require you to decline the gift; and

64.2 decline outright gifts that could be perceived as a bribe or that have created an expectation of preferential treatment. Although it is accepted for parents, guardians or carers or children to make small gifts to show appreciation, you must not receive gifts on a regular basis or receive anything of significant value.

65 **Giving gifts and rewards:** Where you are thinking of giving a gift or reward:

65.1 it should only be provided as part of an agreed reward system;

65.2 in all cases except the above, the gift or reward should be of little monetary value and should be discussed and agreed with the Second Master and where appropriate the parent, guardian or carer;

65.3 selection processes should be fair and where possible should be agreed by more than one member of Staff; and

65.4 gifts should be given openly and not based on favouritism.

66 **Allocation of gifts and rewards:** Decisions regarding entitlement to benefits or privileges such as admission to school trips, activities or classroom tasks must avoid perceptions of bias, grooming or favouritism. The selection process must be based on transparent criteria.

Reporting Obligations

67 **The School's position:** It is a contractual requirement as well as in your interests to follow this Code so as to maintain appropriate standards of behaviour and your own professional reputation. A breach of this Code may be treated as misconduct and will render you liable to disciplinary action including in serious cases, dismissal.

68 **Termination of employment:** If the School ceases to use the services of a member of Staff because they are unsuitable to work with children, a settlement agreement (formerly known as a compromise agreement) will not be used and a referral to the Disclosure and Barring Service will be made promptly if the criteria for a referral are met. Any such incidents will be followed by a review of the safeguarding procedures within the School, with a report being presented to the Governors without delay. The School may also need to consider a referral to the Disclosure and Barring Service if a member of Staff is suspended, or deployed to another area of work that is not regulated activity.

69 **Resignation:** If a member of Staff tenders his or her resignation, or ceases to provide his or her services to the School at a time when child protection concerns exist in relation to that person, those concerns will still be investigated in full by the School and a referral to the Disclosure and Barring Service will be made promptly if the criteria for a referral are met.
Teaching Regulation Agency (TRA): Separate consideration will also be given to making a referral to the TRA where a teacher has been dismissed (or would have been dismissed had he or she not resigned) because of unacceptable professional conduct, conduct that may bring the profession into disrepute, or a conviction at any time for a relevant offence. An interim referral to the TRA may also be considered and made if appropriate.

Staff Code of Conduct – Appendix 1

Tutorials, Teaching and One-to-One meetings with pupils

CODE OF CONDUCT

‘This appendix should be read in conjunction with not only the attached Staff Code of Conduct but also the Safeguarding Policy, the Alcohol Policy & the Pupil Behaviour Policy.’

General guidance regarding one to one meetings with pupils

This guidance is not intended to provide a complete checklist of what is or is not appropriate behaviour for teaching staff in all circumstances and there is no substitute for good professional judgment. There may be occasions in which adults have to make decisions or take action in the best interest of a pupil which could contravene this guidance or where no guidance exists. In such circumstances staff should always report any actions which could be misinterpreted to a member of the SLT in writing and without delay.

As a result of their knowledge and authority all members of staff are in a position of trust in relation to the pupils in our care. Broadly speaking, a relationship of trust can be described as one in which one party is in a position of power and influence over the other by virtue of actual or perceived power and influence. All staff, but in particular teachers, must therefore be mindful of the power this can give them over the pupils in our care and the responsibility they must exercise as a consequence of this relationship. A relationship between teacher and pupil is not one between equals. There is potential for exploitation and harm of vulnerable young people. Teachers have a responsibility to ensure that an unequal balance of power is not used for personal advantage or gratification. All staff should always maintain appropriate professional boundaries and avoid behaviour which might be misinterpreted by others. They should report and record any incident with this potential to MJT as the Designated Safeguarding Lead or any member of the SLT.

Individual Tutorials

The value of the role of the tutor cannot be overestimated. Tutors have a pivotal role in monitoring and improving the academic performance of their tutees. As a result, tutorials should always place academic matters at the heart of any discussion and tutorials should be held on a regular basis and in line with published guidelines. The role of the tutor is an essential element in the educational experience at Shrewsbury, which is founded upon the high quality of the relationship between staff and students and plays a large part in creating and nurturing that relationship. This said, there are important considerations to be observed if that relationship is not to be put at risk.
• The style of communication between tutors and their tutees may be informal and relaxed, but not in such a way as to be at odds with the professionalism, responsibility and discretion expected of all members of Common Room.

• Given the litigious age in which we live and in order to protect tutors from the possibility, however remote, of any discomfiting allegation, private, individual (one-to-one) tutorials may be inadvisable, and promises of complete confidentiality in tutorial conversations should not be made.

• Whilst occasional off-site tutorials (over a meal in town, for example) may be desirable, it is essential that Housemasters/Housemistresses (HSMs) are informed of and agree with arrangements. Unless expressly agreed with the HSM in advance, evening tutorials should:

1. Aim not to encroach on Top Schools wherever possible.
2. Finish at a time that should allow the pupil to report back to his or her HSM by 10.00pm at the latest.
3. Always be conducted in accordance with the school rules and this Code of Conduct. For Sixth Form tutorials, the provision of alcohol should be seen as the exception rather than the rule and under no circumstance must more than 1 pint of beer be provided, or spirits consumed. It is not appropriate for alcohol to be provided to lower school tutees.

• Tutorials held ‘off-site’ should not be one-to-one tutorials without the prior notification and agreement of the relevant HSM.

• Tutors are a medium point of contact between pupils, teachers and parents. This being so, they have a particularly significant part to play supporting the progress, academic and other, of their tutees. In order that their role may be carried out successfully, close liaison with their tutees’ HSM is of considerable importance, as can be any liaison with the student’s parents.

Conclusion

Teaching staff are reminded that at the heart of all that we do is the importance of ‘Safeguarding and promoting the welfare of pupils in our care.’ All conduct must be based upon this premise and the fact that the needs of the child are always paramount. With this in mind, staff are asked to regularly remind themselves of the Code of Conduct and the Safeguarding and Child Protection Policy as these also exist for the protection of members of staff against false or malicious accusations or accusations which may result from misunderstandings. At all times teachers are expected to demonstrate consistently high standards of personal and professional conduct and should therefore be excellent role models.
