

## FIRST AID POLICY

### 1. Key Points

All staff are expected to use their best endeavors in the event of a first aid emergency. All staff must know:

1. How to call the emergency services – dial 999 and ask for an ambulance. If there is any doubt that an ambulance is required, call an ambulance straight away.
2. The location of the nearest first aid box (*see annex A*):
  - a. The name of the Appointed Person responsible for the building or area of the School the casualty is in (*see annex A*)
  - b. The name of the First Aider (first aid trained person) responsible for the building or area of the School the casualty is in (*see annex A*)
  - c. Basic first aid equipment (*see annex B*)
  - d. Location of the automatic electronic defibrillators (AED) (*see annex C*)
3. How to contact the Health Centre – dial (01743) 280860; internal extension 1860.
4. Each building/area has been categorized into a high or a low hazard area to aid in the requirement of quantity and level of the first aider provision.

### 2. Appointed Persons are responsible for:

- Taking charge when someone is injured or becomes ill
- Ensuring that a member of the Medical Team or an ambulance is summoned if appropriate
- Looking after and restocking the first aid box and any other first aid equipment in their area of responsibility

The Appointed Person is not a First Aider, but it is good practice for the Appointed Person to undertake Emergency First Aid training to help them cope with an emergency. This training, which does not have to be Health and Safety Executive (HSE) approved, would include:

Appointed Persons may undertake basic and/or advanced regulated first aid training if funding and vacancies allow.

**First Aiders** are responsible for:

- Giving immediate help to casualties with common injuries or illnesses and those arising from specific hazards at School
- Where necessary, ensuring that a member of the Medical Team or an ambulance is called

All teaching staff will have as a minimum Emergency First Aid at Work qualification and First Aiders must complete a training course regulated by recognized awarding body. Refresher training is required every three years.

### **3. Sporting events**

It is the responsibility of each sports tutor in charge of any sporting event taking place either on or off the School site to ensure:

- There is a First Aider present (all sports staff are encouraged to undergo first aid training)
- There is a pitch side, suitably equipped first aid bag available at every event
- They have a mobile telephone to contact Health Centre or an emergency ambulance as necessary
- They are aware of the location of the nearest defibrillator (AED)
- They are aware of pupils in their charge who have a medical condition and ensure they have immediate access (pitch side) to their medication prior to any sporting event, if appropriate
- On some occasions a pitch side first aid provision will be supplied by the health centre.

### **4. Responsibility**

The provision of first aid at Shrewsbury School is delegated by the Governors to the Headmaster, who in turn delegates responsibility to the Chief Operating Officer (COO). The COO, in his role as Chairman of the Health and Safety Committee, determines the number of Appointed Persons and the number of First Aiders and the level of training they should receive.

The number of Appointed Persons and First Aiders is reviewed termly by the Health and Safety Committee or more frequently when required, for example following an accident or emergency.

When determining the appropriate number of Appointed Persons and First Aiders, the Health and Safety Committee will take into account:

- The number of staff (and pupils) present at any one time
- The distribution of staff
- The number and locations of first aid boxes
- Whether there are inexperienced members of staff
- The number of staff and pupils with disabilities or specific health problems
- The size, nature (split sites/levels) and location of the school premises to which members of staff have access in the course of their employment
- Whether there are travelling, remote or lone staff
- Arrangements for off-site activities
- Arrangements for out of school hour activities such as parent evenings
- Parts of the school premises with different levels of risks
- The types of activity undertaken
- The proximity of professional medical and emergency services
- Any unusual or specific hazards (for example, working with hazardous substances, dangerous tools or machinery); and
- Accident statistics. These indicate the most common types of injuries, times, and locations. It is a useful tool as it highlights areas to concentrate on and tailor first aid provision to.

When selecting staff to be an Appointed Person or First Aider, the Health and Safety Committee will take into account their reliability, communication skills, aptitude to learn, ability to cope with stressful situations and the ability to leave the work that they are doing at the time.

Guidance on the minimum legal requirement for Appointed Persons and First Aiders; the recruitment, selection, and training of First Aiders; the responsibility and accountability of First Aiders; the need for a first aid room and the contents of first aid boxes can be found in the Health and Safety (First Aid) Regulations 1981.

A first aid needs assessment will be carried out in line with the annual review of this policy.

## 5. Reporting accidents and record keeping

All members of the school community should report any accident or incident, however minor, as soon as possible after it has occurred. When an injured person is unable to complete their own details of the accident, then the Appointed Person, First Aider and/or witness should do it on their behalf.

Complete an accident report form (e-forms can be found on the Shrewsbury School intranet staff page: <https://shrewsburyschool.sharepoint.com/sites/ss-Staff/SitePages/E-Form-Accident-Form.aspx>)

Reports must contain:

- The date, time and place of the event
- Details of those involved
- A brief description of the accident/illness and any first aid treatment given
- Details of what happened to the casualty immediately afterwards - for example went to hospital, went home, resumed normal activities, returned to class
- Whether a First Aid Box was used

The Headmaster, Chief Operating Officer and Senior Deputy Head should be informed about any incident if it is at all serious or particularly sensitive. For example, when a pupil has had to go to hospital or if one pupil has caused deliberate damage to another or where negligence might be suggested.

HSM's or Health Centre staff must inform parents when any pupil requires hospital treatment or is kept in the Health Centre overnight.

If, as the result of an accident, an employee is taken to hospital, is unable to work or subsequently becomes absent from work, their line manager/Head of Department and Building Surveyor should be notified immediately.

The Site Safety and Security Officer must report all serious accidents to the HSE as required by RIDDOR.

In an emergency, the Headmaster's office, the Bursary and the relevant Housemaster have contact details of pupils' parents and guardians. The Bursary has details of employees and their next of kin.

## 7. Review and Updates

This policy will be reviewed annually. Annex A First aid boxes, Appointed Persons, First Aiders will be updated on a termly basis to coincide with the Health and Safety committee meetings. Where major changes are required, this policy will be approved via the Health and Safety Committee – last major changes were approved in October 2022.

Annex A updated April 2026

- 1) \* - Running out next term
- 2) (T) - Temporary appointment whilst awaiting staff training
- 3) (TBT) – To be trained
- 4) (E) – Emergency First Aid at work trained
- 5) L - Low risk area (EFAW requirement)
- 6) H - Higher risk area (FAW requirement)

The above schedule provides details of appointed persons and first aiders by building or facility. There are other members of staff, not listed above, who have first aid training.

## Site Epi pens, diabetic and asthma kits

General Location/Name	Exact Location	Responsible person
Churchill's - Epi-Pen	Outside Matrons office	Sarah Foynes
EDH - Epi-Pen	Outside HsM office	Debbie Myles
Ingram's - Epi-Pen	Outside Matrons office	John Wilkes
MSH - Epi-Pen and asthma kit	Outside Matrons office	Katherine Little
Moser's - Epi-Pen	Next to Matrons office	Marta Toms
Oldham's - Epi-Pen	Outside Matrons office	Ellie Phillips
Queen's - Epi-Pen	Outside Matrons office	Jo Crisp
Ridgemount Epi-Pen		Camilla Lewis
Riggs - Epi-Pen	Outside Matrons office	Rachel Lister Jones
School House - Epi-Pen		Pat Downes
Severn Hill - Epi-Pen, asthma and diabetic kits	Outside Matrons office	Laura Martin
The Grove - Epi-Pen	Outside HsM office	Jacinta Holmes
Health Centre - Epi Pen and asthma kit - Diabetes kit	Main foyer Fridge in kitchen	Duty Nurse
Kingsland Hall - Epi Pen	Kitchen	Matthew James Warburton

(Annex A updated April 2026)

## **ANNEX B: CONTENTS OF FIRST AID BOXES ON SITE**

The minimum requirement for a first aid box, according to the HSE, is as follows:

- General first aid guidance leaflet
- individually wrapped sterile plasters (assorted sizes), appropriate to the type of work (hypoallergenic plasters can be provided if necessary)
- sterile eye pads
- individually wrapped triangular bandages, preferably sterile
- safety pins
- large sterile individually wrapped unmedicated wound dressings.
- medium sterile individually wrapped unmedicated wound dressings.
- disposable gloves (see HSE's leaflet *Latex and you*)

Depending on the area (e.g. science block, kitchen) and size of box, additional stock items might be added to provide specific first aid to that area where a certain type of injury is more common. Please note that, for instance, eyewash will be necessary in identified areas such as labs or workshops.

Please do not include known allergenic materials, i.e. Elastoplast, any creams or otherwise. Prescription medication such as inhalers must not be kept in first aid boxes.

## ANNEX C: AUTOMATIC ELECTRONIC DEFIBRILLATORS (AED)

To enhance its first aid provision, the School has five AEDs, situated strategically around the school site, in viable and accessible locations, with appropriate signage.

# Shrewsbury School Site Map

Training is provided to an adequate number of staff covering the School's operations (including knowledge of the chain of survival). All staff are encouraged to use an AED in the event of a cardiac arrest. User guidelines are located by each AED. Each AED is fully automatic, utilising voice commands to minimise user error.

# THE CHAIN OF SURVIVAL

AEDs are checked on a weekly basis ensuring they display the rescue ready symbol. The following people are responsible for checking the AED and making sure that it is maintained and working:

Squash courts:	Sports Facilities Manager
Cricket school:	Sports Facilities Manager
Swimming pool:	Sports Facilities Manager
Kingsland Hall:	Site Safety and Security Officer
Boathouse:	Director of Rowing
Health Centre (roaming):	Health Centre Manager

Paediatric pads (under age 8 or 25kg) are available in the AED located at the sports center/swimming pool due to the age range using the facility.

Each AED bag contains gloves, safety razor, pocket mask, paper towels and are stored alongside a first aid kit.

Following use, the AED will be collected by the Emergency Services and the Health and Safety Committee should be informed.
